DOLLARS SPENT**

**Find Out What Virginia Government Is Buying and  
How You Can Sell to the Commonwealth**

*"For Virginia to remain competitive, we must assure that all businesses  
and owners have an opportunity to share in state procurement."*

Governor Timothy M. Kaine  
Executive Order 33 (2006)

You are invited to a spectacular event for Virginia businesses especially those which are small, women or minority-owned (SWaM). More than ten agencies will be participating to meet with businesses to discuss agency purchasing needs.

Collectively, these agencies spent over \$20 million dollars last year. You will have a chance to obtain specific information on the types of goods and services purchase by these agencies and market your business to the Commonwealth of Virginia.
